

The Embassy of the United States of American requires architectural services for the construction of three semi-professional kitchens in US Government residences in the cities of Paris, Strasbourg and Marseille respectively. The estimated construction costs for each of these projects are between \$100,000.00 and \$250,000.00.

Firms responding to this announcement on or before closing date will be considered for selection using the following evaluation criteria in descending order of importance:

- Relevant, professional qualifications of the firm in the type of work required for projects having a construction value of at least \$80,000.00 in the past three years;
- Specialized experience and technical competence in the type of work required;
- An ability to write and speak English competently in order to draft clear and comprehensive architectural designs/statement of works and cost estimates in English and discuss project elements with U.S. Government architects and engineers.
- Demonstrated success on similar projects in terms of quality of work and compliance with performance schedules, cost/schedule controls and program/project management techniques. Briefly describe internal quality assurance and cost control procedures and indicate effectiveness by listing budget/estimated construction cost, award amount, final design estimate and construction changes for five recent projects. Although previous or ongoing performance of a similar U.S. Government contract is not required for firms responding to this solicitation, if such contracts have been performed, the offeror must have performed at a satisfactory level; and
- Personnel capacity to accomplish the work in the required time.

The Embassy will select for negotiation the licensed firm that demonstrates the best qualifications.
