**PHOTO INSTRUCTIONS FOR U.S. PASSPORTS**

- One (1), unsigned, color photograph, taken within the past six months.
- Photograph **background** must be **white** or off-white.
- Square images, exactly 2 x 2 inches (5 x 5 centimeters).
- The customer's head, measured from the bottom of the chin to the top of the hair, should be between 1 inch and 1-3/8 inches (2.5centimeters to 3.5 centimeters). The head should be centered in the photo. The head of the person being photographed should not be tilted up, down or to the side. It should cover about 50% of the area of the photo. (**Format à respecter impérativement**).

- The photo should show a clear, front view of the customer.
- The customer should be in normal street attire, without a hat.
- Glasses must be removed for the passport photos.
- Uniforms may only be worn if part of religious attire that is worn daily.
- Only original photographs are acceptable. *Digital photographs* must conform to the standards listed here: [http://www.travel.state.gov/passport/pptphotos/digital\\_photography.html](http://www.travel.state.gov/passport/pptphotos/digital_photography.html). *Self-service photo machine* photographs are not of high enough quality, and will not be accepted.
- You may also contact the Consulate's Passport Office at 04.43.12.47.54

Please adhere to size regulations to avoid photo rejection and delay of your passport processing.

We advise you to call the photographer before going. Specify that you want photographs for an American passport, since photographers make various-sized photographs.

The photographers listed below are considered reliable. The Consulate General does not, however, assume responsibility for their ability or integrity. An agreement should be reached between the purchaser and the photographer regarding the nature of the services, the price and the delivery time in advance.
