

08/02/2019 – HOTEL DE TALLEYRAND – PARIS

Discours de Barbara, Jeune ambassadeur de l'engagement associatif 2018 lors de la remise des certificats.

Les missions du programme des Jeunes Ambassadeurs de l'engagement associatif, nous ont permis ce voyage, dont la portée était exceptionnelle et novatrice. Les rencontres ont permis à chacun d'entre nous, me semble t-il, de faire garantir le sentiment de partage , d'empathie et une assurance supplémentaire pour les jeunes adultes que nous sommes en devenir.

During the first week we visited all the memorials which helped us to remind us about American History and famous people in the U.S. We learned a lot of things about American institutions and, of course, the different functions of the government. We met diplomats, who encouraged us to continue to work hard and to plan future projects. I think this kind of experience can help us to develop our skills for the future. We are motivated and I think motivation is one of the most important things within the workplace. This trip taught us more about self-confidence. We learned about a new country and we learned more things about ourselves. We did things that we never did before at home or within our city. This kind of experience broadened our horizons and made us more open-minded. We were split for a day into different associations; we were “out” of our comfort zone and we discovered other aspects of the United States. We are a part of the many students who are unable to travel and to discover other parts of the world. This program offered us the opportunity to live one of our dreams and to be treated equally with other people from a different culture.

It also benefits us if we hope to impress our future employers, because we have shown that we can be mature and can fit into different cultures by ourselves.

Pour conclure, je dirais que le concept Jeunes Ambassadeurs est une initiative qui doit perdurer, et ainsi intensifier le rapprochement de la jeunesse étudiante pour faire évoluer les mentalités, éclairer les esprits, et permettre aux jeunes gens des milieux populaires d'être impliqués.
